Hey Mike – Actually, ERT is ok to come into NY now. Sorry about the quick change. So, we’ll still start at 9 am and go to noon and meet down the hall from you in 1836.

For the meeting, we will plan to walk through the doc and figures together and provide verbal comments that day. Written comments will not be the expectation for that meeting, but thereafter.

I guess that’s what we’ll have to do.

Will we give them all our comments on the draft during the Thursday meeting, or will we be covering other things and they’ll want the comments written separately?

Mike,

ERT asked if we were available to travel to Edison for this meeting on Thursday (9/3) am. Pete and I are both available and may carpool for it from NY. We would get to Edison for 9 am and leave no later than noon. Please let me know if that works.

Attached is a first rough draft of the pre-design investigation work plan for New Cassel/Hicksville OU1.

Please have a look at this prior to our September 3rd meeting in NY. At that meeting we’ll want to discuss initial comments and thoughts on the plan.

Hi Jen,

Here is the Draft PDI for comment and review.....It is still very rough please feel free to add, edit..... Any change please indicate with redline or some sort of demarcation.

Thank you,

Jeff M. Catanzarita
